By JACK BELL

Washington, March 14 (AP)—Senators Vandenberg (R-Mich.) and others at a Republican conference today a list of questions he said top ranking government officials will be asked to answer fully before Congress passes on American aid to Greece and Turkey.

Vandenberg, chairman of the foreign relations committee, reported on international developments at a closed meeting of Senate Republicans.

He was said to have faced a barrage of queries about the foreign and domestic effect of President Truman's proposal to extend financial and indirect military help to the two countries.

## To Insist Upon Answers

Senator Wherry (Neb.) told a reporter the questions ranged from future status of the United Nations to demands to know whether American troops are to be used in the Mediterranean area.

"Senator Vandenberg is compiling these into a questionnaire which he said he will insist upon competent government officials answering fully in public hearings before the foreign relations committee acts on the proposal," Wherry said.

The questions have covered every conceivable phase of the effect of this move on American and international affairs."

## Calls For Candor

Later, Vandenberg, who has called for "top rank candor" on the international situation, told reporters that "if anybody has any questions to ask about this proposal, I want them answered."

His demand for "top rank candor" was being interpreted as a suggestion that Secretary of State Marshall discuss the crisis with Premier Stalin at the Moscow foreign ministers meetings.

Conference Chairman Millikin (R-Colo.) told newsmen that Vandenberg expressed the opinion that there was "less risk involved in following the president's suggestion (for aid to the two countries) than in rejecting it."

## BULLETINS

Moscow, March 14 (AP)—Secretary Marshall bluntly told the conference of Foreign Ministers today that the United States does not consider a society democratic if men who "respect the rights of their fellow men are not free to express their own beliefs and convictions without fear that they may be snatched away from their home and family."

Lake Success, N. Y., March 14 (AP)—Russia was expected today to protest projected American plans for training and equipping 100,000 Greek soldiers to combat roving Leftist bands.

The planes came in waves, the Yenan broadcast said, bombing and strafing the city from early morning until afternoon.

Jerusalem, March 14 (AP)—A reliable source said today a Jewish agency executive member had conferred with United Nations delegates in New York on "Probable Jewish claims" against Britain for losses sustained by the Jewish community in Palestine under British martial law. One agency official estimated the loss at about \$4,000,000 a day.

## SKI CONTESTS IN SUN VALLEY

Sun Valley, Idaho, March 14 (P)—Blue-ribbon skiers from two continents will match speed and skill in the Harriman cup races on Sun Valley's slopes, beginning tomorrow.

Among them are a Canadian star and two Swiss experts who swept all of the American speed skiing championship at Snow Basin, near Ogden, Utah, earlier this month.

For the Americans, the races tomorrow and Sunday will be final tests before selection of the U. S. teams for the winter olympics in Switzerland next February.

The caliber of the field is shown by this lineup of stars:

United States—Bob Blatt, 25-year-old Palo Alto, Calif., Rider, who won the combined-events crown in the olympic trials here last week-end; Jack Reddish, 20-year-old Salt Lake City youth, who captured the downhill race, and Gordon Wren, Denver veteran, who won the slalom in two beautiful runs through the gates.

The American contingent includes two outstanding feminine skiers in Gretchen Fraser of Vancouver, Wash., winner of the downhill and combined in the olympic trials, and 14-year-old Andrea Mead of Rutland, Vt., Slalom winner in the try-outs.

Canada—Rhoda Wurtele, Montreal, recent winner of the U. S. women's national downhill and combined titles.

Switzerland—Karl Molitor of Wengen, winner of the triple crown in American speed skiing—Downhill, Slalom, and combined-events—and Olivia Ausoni, Villars, winner of the women's Slalom championship at Oden.

### Take Appeal In Mt. Clemens Case

Detroit, March 14 (P)—Employees of the Mt. Clemens Pottery Co. today appealed to the circuit court of appeals in Cincinnati the historic decision denying them portal to portal pay.

The move is the first step in any appeal to the U. S. Supreme Court.

Frank A. Picard, U. S. district judge, denied the pottery employees portal pay last month in a decision that dealt a harsh blow to American labor's nearly \$6,000,000,000 portal pay claim against industry.

He said then that he hoped his decision would eventually be reviewed by the high court in a final test.

Edward Lamb, attorney for the pottery workers, filed notice of the appeal with George M. Read, clerk of the district court here.

Berlin, March 14 (P)—Soviet officials contend that the Salvation Army is a quasi-military organization, and oppose its application to work in Germany, an American source said. The Chicago Crusaders, heralded as one of the leading professional basketball team road attractions, will oppose the Gettysburg Merchants on the Gettysburg high school floor Saturday evening.

In bringing the Crusaders here, the management of the Merchants has been successful in engaging one of the best cage attractions to appear on a local court in years. The team has won 59 of 62 games this season.

Foremost in the team's lineup is John Yancey who will be remembered for his fine work with the New York Renaissance and Harlem Globetrotters. Supporting him will be Sug Odrick and Don Butler, formerly of the Washington Bears, Ed Wattie, ex-Bluefield college ace; Mutt Johnson, of Florida A. and M.; Bruce Wright, of the original Harlem Globetrotters, and Chick Baynes, of Morgan University. Butler was one of the outstanding performers for the Indiantown team quintet a few years ago.

An almost completely new team has been secured by the Merchants in order to offer the keenest opposition possible to the Crusaders. Seven of the players have just concluded their season with the Gettysburg college varsity while another has been a member of the junior varsity.

The local lineup will be Ross Sachs, Bobby March, George Fair, George Gorman, George Boehner, Reds Fissel, Dick Fidler, Billy Oden, Roger Herr and Abe Hankey.

As a preliminary game the original Merchants outfit will clash with Arendtsville, winner of the Adams County Independent League during the past season. The preliminary tilt will start at 7:15 o'clock with the second tilt starting about 8:30.

General admission will be \$1.25. Children's tickets will be 75 cents.

## BLUEGE LIKES '47 OUTLOOK

By GAYLE TALBOT

Orlando, Fla., March 14 (P)—Ossie Bluege is dead certain of two things this spring, (1) his Washington Senators are going to post an improved fielding average over last season, and (2) he will have a vastly happier catching staff.

"I might even be a little happier myself," says the man who has just broken up and dispersed the greatest herd of knuckleball pitchers ever gathered under one tent. "Knucklers are hard on the nerves, even when they're winning games for you."

Of the crack crew of fluster-ballers who came within an eye-lash of winning the American league flag two years ago and helped nail down fourth place last year, Bluege has retained only the little left-hander, Mickey Haefner, and he hastens to point out that Mickey isn't entirely dependent upon the dipsy-doo.

"We had the worst fielding average in the league last year because of about a thousand passed balls," Ossie gloomed. "Our catchers simply couldn't tell where those knucklers were going. We lost more than one game that way, too."

With the bulk of the knucklers gone—Dutch Leonard to the Phils and Roger Wolff to Cleveland—Rich Ferrell, once a great catcher and now a Senator coach, is said to be considering a comeback attempt. The club might use him, at that, as their present set of backstoppers, Al Evans and Frank Mancuso, leave something to be desired.

### STRIKE CONTINUES

Linden, N. J., March 14 (P)—A strike by 340 union employees of the Cities Service Oil refinery here went into its third day today and union officials reported all deliveries except for hospitals and similar institutions had been halted by its pickets stationed at the company's distribution stations at Perth Amboy and Se-caucus.

More than 87 per cent of U. S. dairy cows are kept in herds of 10 or less.

Rattlesnakes may be killed by the bites of other poisonous snakes.

## Sports Roundup

By HUGH FULLERTON, Jr.  
New York, March 14 (P)

The American Olympic committee again expects to call on college football fans to pay the freight to send a team to London in 1948. . . . The plan, tried once before, is to ask each college to designate one big game as the Olympic game and to tack an extra two bits onto the price of tickets. . . . A number of them, and even some of the big bowl game promoters, have agreed to do it next fall. . . . Although only one imported horse is eligible for the Kentucky Derby, Tub Thumper Brownie Leach has found an "imported" trainer to go with him. He is Arthur Brent, born in England and now training for R. S. McLaughlin of Oshawa, Canada. . . . University of California baseballers are scheduled for 71 games—varsity and jayvee—this spring and Coach Clint Evans says there's not much difference between the two teams.

### WHAT'S YOUR DECISION?

Joe Ryan, former Blue Ridge league proxy and now business manager of the Miami Beach Flamingos, claims that his Florida host, Troy Walker, is the only man who ever really stole first base. . . . Here's how it happened: A number of years ago, Walker was batting in a game at Logan, W. Va., when a torrid argument over balls and strikes arose. . . . During the course of the dispute, Walker casually strolled down to first base and another batsman took his place. . . . Nobody noticed the change when play was resumed and Troy stole second and then third. Troy says he was all set to try for home when the opposing manager rushed out and asked how he got on base. . . . The ump claimed he didn't know what to do, since Troy never had been declared out and others had batted, so he let it stand and Walker scored on a single.

### SHORTS AND SHELLS

Rune Gustafsson, who didn't take a single cup back to Sweden for his indoor track efforts, would like to return next summer if he can first prove in a race that he's ready for competition. . . . When Lynn Chevington, former V.M.I. and Navy half-back, was hurt in spring football practice at Hampden-Sydney, the coach called off the drills. . . . Talk in local fight circles is that the New York State Athletic commission has asked the appointment of a new \$4,000 a year deputy commissioner to look after affairs upstairs, but there's no sign of action on a new unpaid commissioner. . . . Glenn Dobbs reports he packed on 20 pounds in his first two weeks at home after the football season. That must make him the AAC's most valuable eater as well as player.

Pittsburgh, March 14 (P)—The Kroger Grocery and Baking Co. gave away hundreds of loaves of bread and cakes yesterday rather than have them spoil when a labor dispute prevented delivery of the baked goods. Eighty-six drivers and helpers were idle in a dispute over the reported plan of the company to discharge driver.

Boston, March 14 (P)—Tami Mauriello, the 24-year-old New York heavyweight, who still rates as champion Joe Louis' outstanding opponent, will be a top-heavy favorite against Boston's towering Johnny Shork in their 10-round feature boxing bout tonight at the arena.

The hard-punching Mauriello has put together three wins since losing to Louis last September. About a month ago, Tami survived a second round knockout and stormed back to out-point Freddie Schott.

Ann Arbor, Mich., March 14 (P)—

George F. Ceithami, one of Michigan's greatest quarterbacks, will return to his alma mater as an assistant football coach on a full-time basis, Athletic Director Fritz Crisler announced today.

# HANDLESS VET STEALS SHOW AT OSCAR PARTY

By RALPH DIGHTON

Hollywood, March 14 (AP)—Fredric March was chosen as the best actor of the year, Olivia de Havilland was named the best actress—but handleless Harold Russell stole the show at last night's 19th annual presentation of awards by the Academy of Motion Picture Arts and Sciences.

Russell, the veteran with the hooks in "The Best Years of Our Lives," which won the "best picture" award, went home with two Oscars tucked under his arm.

His "Best Years" role, his first in motion pictures, brought him academy acclaim as the best supporting actor, and a special award by the academy's board of directors. The board did not know he would win the supporting award, because results were kept in a sealed envelope until announcements were made from the stage.

## March Absent

It was March's role in "The Best Years of Our Lives," depicting problems of returned veterans, which won him the Oscar, while Miss de Havilland took home the coveted statuette for her performance in "To Each His Own."

March was not present to receive his Oscar. He is in a New York stage production and his statuette was accepted by Cathy O'Donnell, Russell's sweetheart in "Best Years."

Miss de Havilland, gowned in a strapless light blue tulle, said she intended to place her Oscar on a table in her bedroom.

"But I don't know," she said, "whether my husband (novelist Marcus Goodrich) will object to having another man in my bedroom."

## Jack Benny Was M. C.

Other major awards went to Anne Baxter, for her supporting role in "The Razor's Edge," and to the director of "Best Years," William Wyler.

Miss de Havilland's sister, Joan Fontaine, former award winner, presented March's Oscar, but she was noticeably absent from the crowd which gathered to congratulate Olivia Ray Milland, who won an Oscar last year for "The Lost Weekend," presented Olivia's award.

Master of Ceremonies Jack Benny, introducing Milland to the capacity crowd of 6,700 in the Shrine auditorium, said "Phil Harris could have played the 'Lost Weekend' better than Milland—and he'd have found the bottle in the chandelier sooner."

Applause and cheers rent the air each time Russell accepted an award. Russell's few, embarrassed words were doubly poignant to the few who knew that "Best Years" was not only the ex-paratrooper's first movie—but his last.

"I won't continue in pictures as an actor," said the former chain grocery manager "after tonight, any movie I could make would be anticlimactic."

## Blame Fatal Blast On Smashed Mains

Pittsburgh, March 14 (AP)—The explosion which killed one woman, injured eight other persons and destroyed two homes in nearby Wilkinsburg was blamed today on a dynamite blast set off by workmen excavating for a sewer.

Officials of the Peoples Natural Gas company and the Wilkinsburg police agreed it was a dynamite explosion which tore two gaping holes in a 12-inch gas main and caused the blast and fire which ripped a section of Wilkinsburg's Center street.

The two most seriously injured victims were recovering today in the Wilkinsburg hospital. They are William Rapp, 3, and Jane Rapp, six months. Their mother, Mrs. Jean Rapp, 41, was killed by the falling debris of her front porch. The Rapp home was demolished by the explosion but passers-by were able to save the children. High flames prevented rescue of the mother.

## UN COMMISSION ON BOUNDARIES MAY BE ASKED

By JOHN A. PARRIS, Jr.

Lake Success, N. Y., March 14 (AP)—Authoritative sources said Thursday that the United States may propose the establishment of a permanent United Nations boundary commission to watch over the trouble spots in the Balkans.

Forro was treated for burns of the arms and face and for smoke effects.

## Drill For High Test Gas In Arlington, Va.

Arlington, Va., March 14 (AP)—

Army Engineers pushed drilling operations today, encouraged (or discouraged) by news that three Arlington county water wells have produced 7,169 gallons of gasoline.

There was no indication just how far the American delegation to the United Nations has gone toward drawing up a plan for a permanent U. N. boundary commission. But authoritative sources said it was under consideration.

## U. N. Inquiry Goes On

An American delegation spokesman said the president's proposals to aid Greece would not conflict in any way with the efforts of the U. N. security council's Balkan inquiry commission now studying frontier conditions in Greece, Albania, Bulgaria and Yugoslavia.

This spokesman pointed out that the commission inquiry had been proposed originally by the United States but was withdrawn when Russia threatened to veto it. Then last December 19 it was revived and approved unanimously in the council.

## Soviet Deputy Foreign Minister

Andrei A. Grromyko told reporters he had heard the broadcast of the president's speech but had no comment.

Meanwhile, the security council yesterday delayed a decision on the Japanese-mandated islands in the Pacific after New Zealand and India came forward with surprise requests to be heard in debate.

## Mother And Child Perish In Blaze

(Continued from Page 5)

Conneautville, Pa., March 14 (AP)—A young mother and her five-year-old son died in their burning home here yesterday despite a heroic rescue attempt by Joseph Forro, 16.

The victims were Mrs. Vaughn Stitt, 26, and her son. Forro carried the youngster out of the house to safety and then attempted in vain to return for the mother. Meanwhile, the young, apparently panic-stricken, ran back into the blazing house.

New York, March 14 (P)—So far this month President Truman has made three all-network broadcasts on National questions, two in the afternoon and one at night. Both of his daytime talks, that of March 6 on foreign trade from Baylor University, Waco, Tex., and his Wednesday address to Congress on a loan to Greece and Turkey, were rated at 19.9 per cent. This, it is figured, gave him a potential adult audience of nearly 10,000,000.

The night broadcast, that on March 3 from Mexico City, in view of the time of day, had the much higher percentage of 34, estimated to represent around 25,000,000 adult listeners.

## Joliot-Curie Implies France Has 'Know-How' On Manufacture Of Atomic Bombs

INDIRECT CLAIM  
MADE IN ARTICLE  
IN UN MAGAZINE

By JOHN A. HARRIS, JR.

Lake Success, N. Y., March 14 (AP)

Frederic Joliot-Curie, ranking French expert on atomic energy, implied today that France too, knows how to manufacture atomic bombs.

In highly technical article written for the magazine United Nations World, the French scientist, one-time assistant to Mme. Marie Curie, declared that the principle of the atomic bomb is "simple."

Without specifically saying in cold, black type that France has the "know-how" to build atomic bombs, Joliot-Curie, nevertheless, gave the impression that France can turn out atomic bombs too. And he added:

"We are thus approaching the third stage: That of practical application of atomic energy to improve the living standards of mankind."

A digest of his article issued by the United Nations World said that "France today has the know-how to build atomic bombs, according to Dr. Frederic Joliot-Curie."

## "Know About Bomb"

The text of the article, however, does not include that specific quotation. Yet, the article is filled with obvious implications that France knows the secret of manufacturing atomic bombs but does not have the necessary materials.

American and British scientists who are expert in atomic energy developments are of the opinion that only the United States has the real "know-how" to build atomic bombs and that other countries are still in the experimental stage of atomic research.

Joliot-Curie also is quoted in the digest as saying France's decision to turn her atomic research toward peace is "not based on any lack of knowledge about the atom bomb." The text also fails to disclose that particular reference, although Joliot-Curie made it clear that France was a leader in the early stages of experiments on atomic fission.

The text of the article, however, does not include that specific quotation. Yet, the article is filled with obvious implications that France knows the secret of manufacturing atomic bombs but does not have the necessary materials.

American and British scientists who are expert in atomic energy developments are of the opinion that only the United States has the real "know-how" to build atomic bombs and that other countries are still in the experimental stage of atomic research.

Joliot-Curie also is quoted in the digest as saying France's decision to turn her atomic research toward peace is "not based on any lack of knowledge about the atom bomb." The text also fails to disclose that particular reference, although Joliot-Curie made it clear that France was a leader in the early stages of experiments on atomic fission.

In the years since the fighting ended we have treated generously our former enemies, most of our former Allies and even some of our lukewarm friends who did no fighting. Specific comparisons would be ungracious. Greece at no time during the fighting or afterwards received any appreciable Lend-Lease Aid. The American Army did not go to Greece, so no economic benefit came from that source, as it came to some countries. The Greeks are grateful for the measured help they have received, especially through UNRRA which now is closing up. But no one has pretended that Greece has received either what she deserved or what she needed.

Why they ask of US, who are secure and confident in our strength, is to give them assistance. Praise is not what they ask of us, neither our pity. They do not want us to feel sorry for them. They seek our economic assistance. With our assistance, they will face the tremendous task of rebuilding their nation with the matchless bravery of their heritage. We should never forget them!

However, in the interim, it is necessary to provide a scant margin of help to the needy, the sick, the crippled and the children. This is the goal of the . . .

N. A. Meligakis**ADMINISTRATION  
AGAINST INCOME  
TAX CUT IN '47**

By FRANCIS M. LE MAY

Washington, March 14 (AP)—Secretary of the Treasury Snyder told the Republican-controlled Congress Thurs., the Truman administration is flatly against any income tax reduction this year.

He said the administration specifically opposes granting—now or any other time—a proposed 20 per cent "across the board" tax cut on incomes up to \$303,000 a year.

The secretary was the first witness at hearings by the House ways and means committee on a bill by Rep. Knutson (R-Minn.) to provide the straight 20 per cent cut. Knutson is chairman of the committee.

Snyder said he believes "substantial" tax cuts can be made in the future, but he set the stage for a major clash between Congress and the executive with this statement in his prepared testimony:

"It will be time enough to enact

tax reductions when and if there is definite evidence that the 1948 surplus is greater than prudence requires to be applied towards reduction of the public debt."

And if Congress is determined to cut taxes this year, he said it should give greater benefits to the taxpayers with small incomes.

"The (20 per cent) bill would give too little reduction to lower incomes and relatively too much to higher incomes," Snyder said.

**"Not Significant"**

He declared the flat one-fifth slash would be "not significant" to low income groups, but would:

"Wipe out most of the wartime increase in taxes on very large incomes, leave taxes on other incomes much higher than before the war."

The GOP generally favors immediate relief for taxpayers, but some

members of the party have expressed dissatisfaction with the Minnesota's way of bringing it about.

Snyder said that even if Congress resolves to limit government spending for the fiscal year beginning next July 1 to \$31,500,000,000 instead of the \$37,500,000,000 proposed by President Truman, there is no assurance now the "ceiling" will be maintained. The House voted for the \$31,500,000,000 limit and the Senate for one of \$33,000,000,000.

The Real Estate association, concurring with the governor's contention that school districts should "enlarge the tax base from sources other than real estate" to pay higher school salaries, commented:

"The one sure way to raise these additional funds, and on a permanent basis, is a sales tax. This will provide funds for education year after year and will make everyone who benefits share in the costs."

### COUNTY UNIT OF SPORTSMEN TO BE FORMED

The Littlestown Fish and Game association met Wednesday night, in the P.O.S. of A. lodge hall, with one of the largest group of sportsmen ever to attend a regular meeting of this kind in Adams county. There were about 250 persons present, with 21 guests from Bendersville, New Oxford, McSherrystown and Gettysburg. The president, Dr. J. R. Riden, presided.

Bernard Dillman, the field man, reported that up to the present time the sportsmen have done a very good job of feeding the game. There were as many as 25 sportsmen out at one time distributing feed. He urged that the feeding be continued until the natural foods appear again.

Charles W. Weikert explained the joint meeting of New Oxford, McSherrystown and Littlestown clubs to the sportsmen. The clubs are all striving for the same purpose, to promote better conditions for the sportsmen, and will organize a county unit having two members from each club to represent their club in the county unit, he said. The county organizations will have no authority over the individual clubs.

#### Invited To Meet Here

Mr. Hartman, president of the Gettysburg Club, was present and expressed the desire to join the county unit in behalf of his club. He invited the members of the McSherrystown, New Oxford, and Littlestown clubs to meet with him at the club tonight in Gettysburg. Karl

Bankert, Luke Jacobs and Charles Weikert were appointed to attend the Gettysburg meeting.

Bernard Selby, chairman of the banquet committee, reported the annual banquet will be held April 9 at 6:30 p.m. in the Silver Run Lutheran church hall. The tickets will be \$1.25 and may be obtained from any one of the committee: Bernard Selby, Evan Kline, Robert Myers, Clarence Hall, William Wherley, Howard Trostle, Harry O. Harner, C. J. Krichten, William Crouse, Jr. and Jerry Jeffries. There will be no tickets sold after April 5.

The Association voted a \$5.00 donation to the Red Cross.

Walter B. Crouse reported there will be a fishing contest again this summer and that the committee will consider all entries of fresh and salt water fish. There will be a prize for each class such as bass, small and large mouth, and trout, brook, brown, and rainbow. The trout caught in the Paradise will not be classified as to the kind. Catfish of all kinds will go in one class. The children's contest will be for children under 12 years for the largest fish regardless of kind, with first and second prizes.

The junior contest for largest fish caught regardless of kind for children 12 to 16 years will have first and second prizes. The game contest will be limited to the leg bands from the ringneck pheasants the same as last year. All fish must be weighed and measured by one of the officers of the club or any of the committee: Walter B. Crouse, Richard Long, Millard Doyle, William Renner, Charles Riffle and Charles W. Weikert.

**Bushman Is Speaker**  
Game Protector Leo Bushman was present and thanked the sportsmen for their work in assisting him with the feeding of game. He stated

that in the near future the Game Commission will release some breeder pheasants. He also asked to be notified of stray dogs at large preying on the game.

Elmer Dillman of the Gettysburg club was present and told of the recent stocking by the Fish Commission in Adams county. He stated that he saw the fish and that they were the best fish he has seen put in Adams County for some time. They were brown, brook, and rainbow trout, up to 18 inches.

Two reels of sound motion pictures were shown, "Let's Go Fishing," and "Let's Go Fishing Again." The pictures were of Tony Aseta, a champion fly and plug caster, and

Borough workmen continued the task this week of hauling away the huge piles of snow remaining from February 20 in the business section of town. Only a few small piles remained last evening, and the rain of last night melted most of what was left.

were secured by Walter D. Shoemaker, local Chevrolet dealer, through the courtesy of General Motors. The refreshments and the arrangements were in charge of Roy Koontz, Hadley Blocher and Benjamin Redding.

Contract No. 2, dealing with the sewage treatment works and sewage pumping station, awarded to Henckels and McCoy, Philadelphia, has not been returned, but it is expected that it will be signed within a day or two.

The Globe Contracting company will also make house connections from the termination of the lateral to be installed by the Authority to each individual home. This cost is to be borne by the property owners, and they are urged to take advantage of the low prices bid by the contractor. The contract for doing this work will be between each in-

dividual property owner and the Globe Contracting company, but it is suggested by the engineers that each contract be cleared through the borough secretary, Roger J. Keeler.

#### Install Parking Meters

Parking meters, voted several months ago by the Borough Council, are being installed today. Posts were placed and painted yesterday. The 97 meters are to go into operation on Monday. The meters are expected to regulate parking satisfactorily in the business district, and also raise revenue for the borough.

Mayor and Mrs. J. L. Matthias, Westminster, were Sunday dinner guests of Mr. and Mrs. Charles M. Frock.

### Fewer and Bigger Farms

Farmers are producing a third more than before the war with 10% less labor. Farms are larger and fewer in number. Ever increasing mechanization makes this possible—but a larger investment is required.

This bank has kept pace with the prevailing trend, and has adjusted its service to needs of today. We are always ready to give prompt consideration to loans when the money will be used for new machinery or equipment — for financing bigger and better crops — for the purchase of livestock — or other purposes for which extra funds are temporarily required.

Service is attuned to needs of this community. You are cordially invited to discuss your plans with us.
